

LINN

KEY FEATURES INCLUDE

- 2K driver array for clean and pure high-frequency reproduction and flexible positioning
- Single 5" bass driver design minimises acoustic interference and optimises dispersion
- Front ported bass system allows extended bass and greater positioning flexibility
- High quality crossovers ensure accurate music reproduction across the full frequency range
- Simple upgrade path from single to multi-wiring / amping to fully Aktiv configuration

Majik 112 is a three-way centre channel loudspeaker which produces exceptionally clear music and dialogue from an extremely compact and innovative design, delivering an involving music and movie experience.

Majik 112 features Linn's 2K driver array – an evolution of the array technology found in Linn's highest performing loudspeakers. This technology houses two high-frequency drive-units – a tweeter and super-tweeter - in a dedicated cast alloy chassis, ensuring wonderfully clean and pure high frequency reproduction.

The innovative single bass driver design minimises acoustic interference by producing uniform horizontal dispersion. The unique combination of 2K driver array and single bass driver design provides remarkably even dispersion and guarantees the same high quality of listening experience throughout the room.

A bass reflex port is concealed discreetly behind the left grille, aesthetically balancing out the bass driver and providing deep and musical bass without the need for a large cabinet. The use of a front-firing port means Majik 112 can be positioned close to a wall or unit without compromising bass extension.

Even higher levels of performance can be easily achieved with a range of upgrade options from bi-wiring through to fully Aktiv configuration.

Available in a choice of high-grade real-wood veneer finishes, Majik 112 aesthetically and acoustically matches the other loudspeakers in the Linn Majik range for authentic specialist surround sound.

TECHNICAL SPECIFICATIONS

High performance three-way centre channel loudspeaker

- Date of introduction August 2009
- Type 3-way centre channel loudspeaker
- Dimensions (H) 169 mm x (W) 510 mm x (D) 176 mm
(H) 6.65 inches x (W) 20.08 inches x (D) 6.93 inches
- Weight 6.51 kg / 14.34 lb
- Cabinet Volume 9 litres
- Impedance (passive) 4 Ω
- Impedance (Aktiv bass/mid) 7 Ω
- Impedance (Aktiv tweeter) 7 Ω
- Impedance (Aktiv super-tweeter) 7 Ω
- Efficiency 88 dB for 1 watt at 1 metre (1 kHz)
- Frequency response (passive) 72 Hz - 20 kHz +
- Frequency response (Aktiv) 65 Hz - 20 kHz +
- Crossover options Fully passive or fully Aktiv
- Connection options Up to three-way multi-wire/amp passive; three-way Aktiv.
4mm banana plugs or spades
- Finishes Black Ash, Rosenut, Walnut, Cherry, Oak, White
